OVERVIEW
An opportunity to share research, clinical innovation and evidence-based practice at our forty sixth annual burn care symposium.
Michigan Medicine, the Detroit Medical Center, and the State of Michigan Department of Health and Human Services Division of Emergency Preparedness Response would like to invite you to submit an abstract for oral or poster presentation at the forty sixth annual Eastern Great Lake Burn conference. This opportunity is not limited to surgically focused research interests; rather, our mission is to feature a variety of presentations that offer an innovative, comprehensive approach to evidence-based care of the critically ill patient both adult and pediatrics. We hope to capture the interest of multiple disciplines involved across the continuum of intensive, intermediate care, and Post-Anesthesia Care Units, equipping our audience with new concepts to translate research into tomorrow’s daily practice.

WHO SHOULD ATTEND
This conference is designed for multidisciplinary burn care professionals involved in the care of burn patients. Join us for a special tabletop session to review, evaluate and identify opportunities for improvement in regional burn disaster planning. Participation is appreciated from every regional burn facility in order to have the best input and outcomes from this conference. Please try to send a designee to attend.

LOCATION/ACCOMMODATIONS
Sheraton Ann Arbor Hotel
3200 Boardwalk | Ann Arbor, MI 48108 | 734.996.0600
www.regonline.com/BURN18
