Advanced Burn Life Support®

**EMERGENCY CARE
OF THE BURN PATIENT**

www.ameriburn.org

WHICH ABLs RESOURCE IS RIGHT FOR YOU?

Advanced Burn Life Support (ABLS) is designed to provide first responders, nurses, nurse practitioners, physician assistants and physicians with the ability to assess and stabilize patients with burn injuries during the first critical hours post injury. ABLS programs support emergency preparedness needs for disaster management.

ABLS PROVIDER COURSE LIVE®

Includes live didactic lectures given by burn experts as well as hands-on simulation to reinforce learning.

Benefits

- Knowledge for immediate care of the burn patient up to the first 24 hours post injury
- ABLS Provider Manual – 2018 Update
- Course content appropriate for all disciplines
- Application of concepts through case study discussions and assessment of simulated burn patient
- Written exam and practical test
- CEU and CME credits earned upon successful completion of course

\$350 for Physicians
\$225 for Non-Physicians

ABLS NOW® COURSE

A convenient online, self-paced learning program.

Benefits

- Knowledge for immediate care of the burn patient up to the first 24 hours post injury
- ABLS Provider Manual – 2018 Update
- Course content appropriate for all disciplines
- Lecture and Case Study slide modules presented by burn experts
- Self study questions for exam preparation
- Online exam
- CEU and CME credits earned upon successful completion of course

\$300 for Physicians
\$175 for Non-Physicians
(Group discounts available)

ABLS MANUAL – 2018 UPDATE

An online resource for self-education of basic principles.

Benefits

- Basic knowledge for immediate care of the burn patient up to the first 24 hours post injury
