

## Award Information

The manuscripts should be prepared according to the GUIDELINES for AUTHORS of the *Journal of Burn Care & Research*. **Manuscripts must be submitted by January 15, 2020.**

All manuscripts will have a separate, expedited, peer reviewed process for consideration of publication in the *Journal of Burn Care & Research*.

Questions regarding the manuscript submission process should be directed to the JBCR editorial office at: (409) 770-6623, or [jbcrcr@ameriburn.org](mailto:jbcrcr@ameriburn.org).

Authors are urged to consider the following award categories when submitting the abstract:

1. ABA-Shriners Best Pediatric Burn Paper Award
  - This award recognizes the best pediatric burn paper. The award is generously underwritten by Shriners Hospitals for Children, and carries with it a \$1000 honorarium and plaque. *(Reviewed by the ABA Program Committee)*
2. Albert T. McManus Burn Microbiology Paper Award
  - This award is granted for the best paper on the topic of burn microbiology by a basic scientist. The abstract must deal with burn microbiology, with preference given to use of a microbiology database and/or collaboration with investigators in other countries. Author should be a non-physician, either in basic science career (PhD or candidate), or training for such a career. This award carries with it a \$500 honorarium and plaque. *(Reviewed by the ABA Program Committee)*
3. Burke/Yannas Bioengineering Best Paper Award
  - This award recognizes original research studies in the field of bioengineering. The award is supported by a grant from the Integra Foundation and carries with it a \$500 honorarium and plaque. The principal investigator can be a physician or non-physician. *(Reviewed by the ABA Program Committee)*
4. Carl A. Moyer Resident Paper Award
  - This award recognizes the best paper submitted by an individual training to be a medical doctor currently in residency or medical school. This award carries with it a \$500 honorarium and plaque. *(Reviewed by the ABA Program Committee)*
5. Clinical Research Paper Award
  - This award is given for the best clinical research paper submitted by a non-physician. The award carries with it a \$500 honorarium and plaque. *(Reviewed by the ABA Program Committee)*
6. National Burn Repository (NBR) Best Paper Award (combined the award to include both Physician and Non-Physician)
  - This award recognizes original research studies using information from the ABA National Burn Repository (NBR). The award is supported by a grant from Molnlycke Healthcare US, LLC and carries with it a \$500 honorarium and plaque. *(Reviewed by the ABA NBR Committee)*
7. Peter Brigham Burn Epidemiology Prevention Best Paper Award
  - This award is given for the best original research studies which may address any single burn or fire prevention problem, a specific population, multiple etiologies, or epidemiology. Physicians, non-physicians, and students from all disciplines can apply. This award is generously underwritten by the International Association

of Fire Fighters (IAFF) Charitable Burn Fund and carries with it a \$1,500 honorarium and plaque. *(Reviewed by the Burn Prevention Committee and IAFF Charitable Burn Fund Representative)*

8. Robert B. Lindberg Basic Scientist Paper Award

- This award is given for the best scientific paper submitted by a non-physician. The award carries with it a \$500 honorarium and plaque. *(Reviewed by the ABA Program Committee)*
