

American Burn Association 2019 Call for Data Submission to the National Burn Repository

Open for Submissions: Monday, September 16, 2019

Deadline: Monday, November 11, 2019

The American Burn Association (ABA) announces its annual Call for Data Submission to the National Burn Repository (NBR). Data are used to create a comprehensive [Annual Report](#) and the [National Burn Repository Research Dataset](#). These products are valuable resources for clinical quality improvement and research within the burn care community, and they are only possible with your participation.

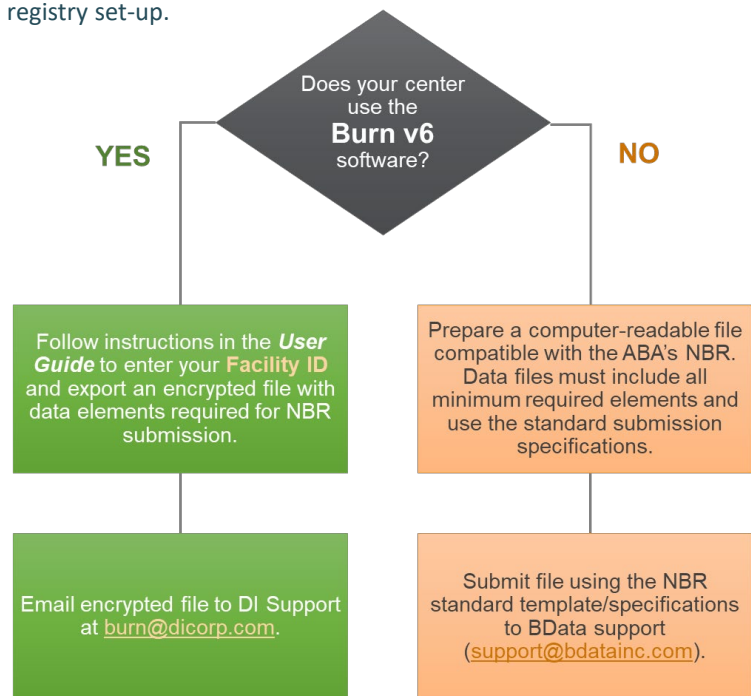

DATE RANGE: Included in this call are data for all burn care cases treated at your burn facility with admission dates from **July 1, 2018** through **June 30, 2019**.

SUBMISSION PROCESS: All inpatient burn facilities are invited to submit data. ABA verified burn centers are **required** to participate in the NBR, and benefit from complementary access to the Annual Report.

Consult the figure to the right for an overview of the submission process.

PAYMENT: Click [here](#) to generate your invoice in the ABA online store. Fees collected support preparation and analysis of data for the Annual Report.

Figure 1. There are two paths to submit data, based on your local registry set-up.
