

Save the date!

7th Annual

Canadian Burn Conference

September 27-28, 2020

Victoria | British Columbia

Dear Friends and Colleagues

I'm reaching out to you on the behalf of the program committee for the upcoming Canadian Burn Conference (Victoria 2020).

We have heard your feedback and it will be invaluable in shaping the upcoming conference. Our goal for the 2020 meeting is to ensure that we create a program that serves the needs of all burn care providers. Next year's agenda will be focused on sharing our unique, Canadian experiences in order to learn from one another and improve care across the country. In addition, we will aim to provide content that is practical and can be readily used by all members of the burn team.

This is a preliminary reminder to not only save the date for attending the conference, but also to encourage you to inform us of your needs and goals in attending such a conference. As you contemplate your conference options for the near future, I encourage you to consider joining like-minded and passionate health practitioners from across the country for a truly Canadian experience.

Please stay tuned for further information as to the structure and content of the program as it takes shape, and don't hesitate to contact me directly with any ideas or suggestions. Please feel free to forward this message to any individual who might be interested in attending the conference. Looking forward to welcoming you to the 2020 Canadian Burn Conference in beautiful Victoria, BC.

Shar Shahrokhi (Program Chair on the behalf of the Program committee)
