

BURN FELLOWSHIP

BURN AND RECONSTRUCTIVE CENTERS OF AMERICA

Burn and Reconstructive Centers of America, LLC, is the nation's largest network of burn centers, with 15 facilities spread across Colorado, Florida, Georgia, Idaho, Mississippi, Nevada, South Carolina and Texas. Our headquarters facility, the JMS Burn Center at Doctors Hospital in Augusta, Georgia, is the largest burn center in America. Collectively, BRCA facilities have approximately 340 beds and account for more than 13,000 patient admissions and nearly 90,000 outpatient visits annually. BRCA surgeons treat patients of all ages for a wide range of injuries, including thermal, chemical and electrical burns, skin and soft tissue disorders and complex wounds. Surgeons also regularly participate in clinical and community education.

BRCA is seeking medical professionals interested in completing a one-year burn fellowship at our Augusta, Georgia location—an ABA-verified burn center. Participants will get hands-on experience in a high-volume burn center and exposure to various methods of care and surgical intervention for patients of all ages. Upon completion of the BRCA Fellowship, the surgeon will have experience in: burn resuscitation, use of skin substitutes to manage injuries, various reconstruction techniques (including flaps and laser scar management) and critical care and wound management.

Candidates must be board certified or board eligible in general or plastic surgery and express an interest in burn care, trauma care and/or plastic surgery. Candidates must also:

- + Provide a current CV.
- + Provide two letters of support/referral.
- + Currently hold or be eligible to apply for a Georgia medical license.
- + Have completed USMLE steps 1, 2 and 3.
- + Foreign med school graduates must also have certification by ECFMG.

BRCA is a leader in compensation, benefits and professional coverage packages.

Interested applicants should forward CV and letters of support/referrals to MDInfo@burncenters.com.
