Planning an ABLs Course

Just a few reminders:

1. The faculty must be certified ABLs instructors.
2. Instructor Candidates must be observed by National Faculty for a total of two teachings within year of instructor course. We will give you a list if you need information on National Faculty.
3. Select local faculty to avoid unnecessary expense and travel time.
4. It is strongly recommended that you have one faculty member for each five students.
5. If you as a coordinator will also teach, please have someone help you with directing students to registration, classrooms, lunch, etc.
6. Under the Central Office Plan we will email the manuals to the students and the electronic wallet cards seven days before the course. As the coordinator you have the option of having the ABA manage registration through the ABA Membership event site.
7. Wallet Cards must be distributed only to students who pass both the written (80% +) and assessment tests (3+).
8. Please record written test and patient assessment test scores on the Excel spreadsheet and return to the ABA Central Office.

Once the final excel sheet has been received at the ABA, students will receive an email that includes a link to the Evaluation tool. After completion of the evaluation, a PDF copy of their Certificate will then be automatically completed online to be printed and saved by each participant.
- 9.

Again, thank you for hosting an ABLs course. We look forward to working with you.
