

Midwest Region Burn Mass Casualty Incident (BMCI) Response Plan

The American Burn Association (ABA)- designated Midwest Region¹ encompasses Burn Centers located in Illinois, Wisconsin, Minnesota, Iowa, Missouri, North Dakota, South Dakota, Nebraska and Kansas.

- **For a BMCI occurring anywhere within the Midwest region of the United States The Regions Hospital Burn Center serves as a communications and coordination center to support Burn Center(s) with burn bed census and/ or patient triage and transfer**
- **A BMCI is defined as any incident where capacity and capability significantly compromises patient care, as identified in accordance with individual BC(s), state, regional or federal disaster response plans**
