Activity Format/Platform (check all that apply)	Didactic	Panel Discussion	Pre/Post - Test or Survey	
	Discussion Group	Q&A Session	Simulation	
	Case Study	Debate	Other	
Continuing Education	Yes	No		
Are you seeking Continuing Education credits for this session?	Continuing education requires extensive planning and a CE application including gap analysis and measurable outcomes meeting ANCC criteria. CE activities will require purchase by learners and are not available without fee for attendees. Fees are set and collected by the ABA and speakers are not eligible for compensation. CE activities must be approved by the ABA Education Committee.			

Fill out this form to submit an idea for an ABA educational program within the burn nursing discipline. Proposals will be considered by the Nursing or Education Committee, as appropriate, based on whether CE is requested. The ABA reserves the right to approve or decline any proposal.

**Submit completed form to:
education@ameriburn.org**

Activity Information

Activity Description

4-5 sentences that describe why the learner should attend this session.

ex: Is there a practice gap between current and best practice? An update on current legislative aims from the ABA? A requested review of treatment modalities?

If CE is being requested a practice gap analysis will be required.

Target Audience

Who are the intended learners and how will the content reflect the distinction between the types of intended learners? (ex: RN only, interprofessional (name other specialties), experienced, novice, outpatient, acute care, critical care, mix, etc.)

Brief Outline

Time (min.)

Presenter

Material

(ex: 10 min didactic from Presenter #1, 10 min didactic presenter #2, 40 min discussion led by a moderator)

Additional Content Experts

Name and Credentials/Role/Email

Current (<12 mo) COI on file with ABA? Y or N (if requesting CE)
